An international, evangelical Christian, political group, which wants the non-consensual monitoring or influence of human thought technologically to be declared a crime against humanity worldwide.

"I would not open windows into men's souls"

Queen Elizabeth I, a while ago

"The research was predicated on existing evidence that verbal ideas or thoughts are subvocally represented in the muscles of the vocal apparatus. If the patterns of this muscle activity are at all similar to those involved in normal overt speech, a reasonable assumption is that electrical activity of the brain during verbal thinking may be similar to that during overt speech. ... It was determined that, if all the sources of error could be eliminated, significant gains in correct word classification using biological responses would be achieved (perhaps approaching 90% or better). ... EEG responses for covert speech mimicked those of overt speech ... correct computer classification ... was significant at $p < 0.001$. We conclude that both overt and covert speech [(verbal thinking)] can be identified by computer classification of electrophysiological responses"

Dr Lawrence Pinneo et al, 1975

"[technological thought reading by] the law enforcement agencies and the intelligence services [of the UK] ... [is] subject to independent oversight by the Office of the Surveillance Commissioners and the Intelligence Services Commissioner ..."

The Home Office, 2004

"... the Investigatory Powers Tribunal has never upheld a complaint since it was formed ..."

World-famous "conspiracy theorists"

President Theodore Roosevelt

"Behind the ostensible Government sits enthroned an invisible Government, owing no allegiance and acknowledging no responsibility to the people."

An Autobiography, 1913

President Woodrow Wilson

"Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they better not speak above their breath when they speak in condemnation of it."

"The New Freedom", 1913

J. Edgar Hoover, ex-Director of the FBI

"The individual is handicapped by coming face-to-face with a conspiracy so monstrous he cannot believe it exists."

The Apostle Paul

"... that day will not come until the rebellion occurs and the man of lawlessness is revealed ... the secret power of lawlessness is already at work ... [there will be] all kinds of counterfeit miracles, signs and wonders ... evil that deceives those who are perishing ... [and] a powerful delusion ..."

2 Thessalonians 2

The Lord Jesus Christ

"Why are you trying to kill me?"

"You are demon-possessed," the crowd answered. "Who is trying to kill you?"

John 7:19-20

"... counterfeit miracles, signs and wonders ..."

2 Thessalonians 2:9

"[The European Parliament] calls for an international convention introducing a global ban on all developments and deployments of weapons which might enable any form of manipulation of human beings"

Resolution A4-0005/99 Paragraph 27

The European Parliament wants "manipulation" weapons banned.

So should you!

www.BanMindWeapons.org

"Electro-Magnetic (EM) weapons are one of the newest and most serious military developments in the world today. Enormous secrecy surrounds their development ... Unless this development is stopped, we are entering an Orwellian '1984' type scenario, which could potentially permanently transfer enormous power to those in control of the technology. ... We regard the unsuccessful attempts in the 70s ... to have these weapons controlled by a UN Convention as having been a major missed opportunity, which has now led to a new arms race in this field. We have sought to renew the attempt ... to outlaw these weapons and the research that leads to them, primarily that concerning external manipulation of the human central nervous system."

Dr Caroline Lucas MEP, 2004

One type of manipulation weapon

"Voice to skull devices. ... Nonlethal weapons which includes (1) a neuro-electromagnetic device which uses microwave transmission of sound into the skull of persons or animals by way of pulse-modulated microwave radiation; and (2) a silent sound device which can transmit sound into the skull of persons or animals. NOTE: the sound modulation may be voice or audio subliminal messages. ... Acronym: V2K"

US Army Military Thesaurus

"We need a program ... for political control of our society. The purpose is physical control of the mind [of] Everyone who deviates from the given norm. The individual may think that the most important reality is his own existence, but this is only his personal point of view. This lacks historical perspective. Man does not have the right to develop his own mind. This kind of liberal orientation has great appeal. We must electrically control the brain. Some day armies and generals will be controlled by electric stimulation of the brain."

Dr Jose Delgado, a publicly-funded pioneer of the technology of Electrical Stimulation of the Brain (ESB); his remarks as they appeared in the February 24, 1974 edition of the Congressional Record, No. 262E, Vol. 118

"the secret power of lawlessness is already at work"

2 Thess 2:7

**"First they came for the Jews
and I did not speak out
because I was not a Jew.
Then they came for the Communists
and I did not speak out
because I was not a Communist.
Then they came for the trade unionists
and I did not speak out
because I was not a trade unionist.
Then they came for me
and there was no one left
to speak out for me."**

Pastor Martin Niemöller

We, the undersigned, request the governments of the world's nation states (including the British government) (1) to commence diplomacy with a view to procuring the worldwide ban on "manipulation" weapons called for by the European Parliament in Resolution A4-0005/99 Paragraph 27, (2) to place any stocks of such weapons each government possesses beyond further use immediately, and (3) to provide any victims there might be of the non-consensual testing or deployment of such weapons with such information as they need in order effectively to seek legal redress, including compensation, notwithstanding that the existence or nature of the weapons tested or deployed to the victims' detriment might be classified as officially secret.
